

MPL Compact
MARMONITE PRESSURE LAMINATE

Solid Surface, Quartz, Natural Stone and Wood

MPL COMPACT COLLECTION

Larger Dimensions, More choices, Less Waste

Description:

MPL slabs are produced in larger dimensions to reduce material waste while providing greater flexibility in design and installation. This allows designers and installers to access a wider range of layout and application options.

Thickness (12 mm)

Thickness (2 mm)

74 x 408	12 2
105 x 408	12
105 x 204	12

Effortless cleanliness
its seamless surface prevents dirt
and stains from lingering.
MPL compact's surface stays clean
and clear, without the need for
complicated maintenance.

A surface for confident use
consistent cleanliness makes
everyday contact with food easier
and more reassuring.
MPL compact is a reliable
companion in the kitchen
environment.

Our scratch-resistant countertops are more durable than expected: seamless surfaces that resist everyday scratches and knife marks, retain their natural beauty and texture, and harden easily - providing long-lasting durability and a flawless look for your kitchen.
